CB200X
EXPLORE LIFE WITH EVERY RIDE

Scan to watch CB200X in action

It's time to find out what your city and the surroundings have to offer. It's time to put your chin up, look ahead and own every twist and turn the city throws your way. Relish the feeling you get when you go off course and find out what the city unfolds. Sit upright and go on long rides and get away from your routine.

Explore your city. Plan the ideal adventurous weekend or take a detour on your way back home from work. It's time to explore life with every ride with the new CB200X.

THE NEW CB200X

TAKE STYLE OUT ON AN EXPLORATION

Wherever you go on the CB200X, style will always follow. The classy features that it comes loaded with will let you go out and discover life with every ride, in style.

URBAN-EXPLORER DESIGN

The Urban-Explorer Design, with the Tall Wind Visor ensures an ideal aerodynamism and a very comfortable ride.

UNDER COWL

The Under Cowl on this machine subtly completes the bike's overall look, creating an irresistible appeal. It also lends to the aerodynamics of the bike to deliver a smooth ride.

UPSWEPT EXHAUST

Carry a mean look when you go off course or take a detour. The Upswept Exhaust is undoubtedly a part of the paraphernalia of advanced biking.

ALLOY WHEELS

Lightweight but strong and very stylish, the Alloy Wheels on this machine will let you handle bumps and rough roads with ease.

SPLIT STEP SEAT

The long and comfortable Split Step Seat is a stunner when the bike is parked. However, once you sit on it, it will give you and the pillion rider a new meaning to long rides.

ALL-LED LIGHTING

The All-LED Lighting not only ensures visibility in every condition but also complements the contours of the machine that takes you places.

KNUCKLE COVERS WITH LED WINKERS

The Winkers are ergonomically incorporated on the Knuckle Covers to ensure safety while letting you retain the style quotient. Look good while you conquer new paths.

DIAMOND TYPE STEEL FRAME

A city explorer needs a frame as strong as your will. The Diamond Type Steel Frame on the CB200X is a testament of strength. A backbone behind your passion for biking.

UPRIGHT RIDING POSITION

The CB200X enables the rider to sit back, relax and enjoy a comfortable ride with the Upright Riding Position. It is especially useful for long rides, making sure the rider does not get fatigued along the way.

THE NEW CB200X

CONQUER NEW PATHS AS YOU EXPLORE LIFE WITH NEXT-LEVEL CONVENIENCE

Technology is an indispensable part of life. Wherever you decide to go on the CB200X, you are accompanied by advanced technology and comfort features that make sure your ride is not only thrilling but convenient as well. Take your CB200X on unusual rides and enjoy every bit of it.

GOLDEN UPSIDE-DOWN (USD) FRONT FORK

This is a perfect example of style meets purpose. The Golden Front Fork will dazzle onlookers as you take your CB200X for a spin in the city streets and also when you head away.

MONO SHOCK REAR SUSPENSION

You need to always maintain a good centre of gravity as you take your bike on the courses less travelled. The Mono Shock Rear Suspension will make sure your every ride is worth it while it handles the bumps for you.

ENGINE STOP SWITCH

The need to turn the key on and off at traffic lights no longer exists. Just flip the switch and continue on your adventure without any impediment.

HAZARD SWITCH

Should you need to make a stop or slow down unexpectedly, the Hazard Switch will keep you safe by making people notice you on the road.

RAISED AND SWAGED HANDLEBAR

Inspired by high-end machines, the Raised and Swaged Handlebar lends a look of ruggedness to the design, with the increased wall thickness adding to the strength of the vehicle.

1 CHANNEL ABS AND DUAL PETAL DISC BRAKES

Coming to a halt or slowing down is an integral part of biking. The 1 Channel ABS System and the Dual Petal Disc Brakes work in tandem to deliver easy manoeuvrability and precise braking.

FULLY DIGITAL LIQUID CRYSTAL METER

Perfectly visible under any condition, the digi-meter is positioned to constantly show you all the information you need about the bike.

KEY ON TANK

It is a feature on many of the top-class motorcycles around the world. This also ensures that you don't have to lean all the way forward to turn on the engine.

TOUGH TREAD PATTERN TYRES

The rides you plan to take on the weekends and the detour you may take at a whim will need a lot of grip on your tyres. The Tough Tread Pattern Tyres will keep you gripped to the road.

THE NEW CB200X

ADD POWER TO YOUR EXPLORATIONS

Performance is a direct result of the engine of a vehicle. With years of R&D, every Honda engine has gone through numerous rigorous tests to obtain the desired and the optimum power and performance.

DYNAMIC PERFORMANCE

This masterpiece of an engine has passed many tests to enable you to plan the ideal commute, the perfect getaway and take your bike off course. With superior fuel-efficiency, the PGM-Fi engine produces power that lets you get away from the mundane and see the other side of life.

IMMENSE TORQUE

The CB200X displays powerful torque characteristics in a practical range that lets you handle the city roads and your other rides with ease. It also delivers sporty power in a high rpm range, letting you leave others behind as you zoom ahead on your explorer.
